

BCS Mid Richmond Centre

At BCS Mid Richmond Centre, your care is our passion.

We know it's never easy for people to move into a residential aged care centre. That's why we're passionately committed to creating a caring community that our residents can call home in their later years of life and that family members can be happy to visit, knowing their loved one is benefiting from excellence in Christian care.

Conveniently located in a quiet corner of the Richmond Valley at Coraki, BCS Mid Richmond Centre is operated by leading not-for-profit Christian care provider Baptist Community Services – NSW & ACT (BCS).

BCS is committed to a person-centered care approach, which has as its central focus the needs and expectations of each of our clients. We strive every day to provide our clients with tailored, personal care, aimed at maximising their independence and wellbeing.

At BCS we want to develop partnerships with each of our clients, their families and friends, which we believe will help us deliver the best care we can. So please read on and find out more about how we can serve you or a loved one at BCS Mid Richmond Centre.
